

Team Number	Team Name	What is your app called?	Comments
1	1	GUC Chat	GUC API not working => substitute by another authentication method + database storage of data from API
2	_B3BUG_	in your vocab	
3	-,-	Study Hub	
4	3 Beans in a Pod	Impact	
5	7:07	Bartenders	What APIs will you use?
6	ACL	Popcorn	
7	ACML team v1	GUC switching assistant	
8	ACML team v2	GUC student Calendar	GUC API not working => substitute by another authentication method + database storage of data from API
9	ACML19	The Searching Doctor	
11	advanced	Pimp My Hair	Django is not an API
12	Advanced Alchemists	Saber	GUC API not working => substitute by another authentication method + database storage of data from API
13	Advanced lab team	Fruit data	
14	Advanced Team	Eo Carpooling	
15	AdvancedProject	InstaHospital	
16	AdvancedX	METLIVE	Specify which API will be used
17	Aly The Insect	Uno Ride	GUC API not working => substitute by another authentication method + database storage of data from API
18	Are you GITting me?	DisGOrd Bot	
19	Awesome team	Storm Watch	Not Acceptable Idea, too simple
20	Awlad Ragab	Rent with Consent	
21	BMM	GUC PM	
22	CD-ROM	Recommendo	Spotify works like this, What is the new or different fthan spotify ?
23	Classic	Ehgezly	GUC API not working => substitute by another authentication method + database storage of data from API
25	cool enough	Instagrade	GUC API not working => substitute by another authentication method + database storage of data from API
26	CS GO	Event Planner	
27	Dirty Bits	GUCar Ride	GUC API not working => substitute it by Google Sign in API
28	Dream Team	Travel Buddy	

29	Dunkin' Donuts	Agile Arena	Node Mailer and Socket.io are not APIs
30	EI_Hanty_Kanty	AYB Proto1	
31	EndUsPIs	VHub	missing description (what are you going to do to get the ratings and reviews)
32	Euphoria	Find your spot	Specify what is the API used
33	Geeks4Geeks	be3ly	
34	Gelato_bytes	ShopU	Fawri API is a bit difficult, try using an easier payment API like stripe
35	German Jessie	MY PET	
36	GitSetGo	GUC Tutor	Try using a mock API like Mockaroo
37	GO get 'em	EgyMate	Fawri API is a bit difficult, try using an easier payment API like stripe
38	GOlo GOlo	Mates	GUC API not working => substitute by another authentication method + database storage of data from API
39	Gotta Code Fast	Super Cook	
40	GPA--;	GUC Mobile	React native is not an API
41	H.A.M	GUC-Notif	REST API and node-mailer are not backing services, however RabbitMQ and mongoBD are accepted as backing services
42	Hakoona Matata	Bel Ba2y Leban	
43	Happy_joker	oneHand	Paypal is a bit difficult, try using an easier payment API like stripe
44	Hipsters	Deliverhino	
45	Hopeless Case	Find my doctor	
46	Imagination station	GUC Notifications	
47	JustTeam	JoeMDB	
48	King Kunta	UnderCage	Meet your TA to discuss the Idea
49	KK	NYT's Goodreads	NodeJs, Express, and ReactJS are not backing services, however NY Times Books API, Goodreads API, Discord API and MongoDB are backing services.
50	kUbeRNeteZ	ShrinkLink	Node Mailer not an API, PayPal?
51	Kzm	KZMWeather App	It's not a valid idea and do not meet the requirments
52	LEGEN..wait for it..DARY	Hire without borders	
53	Lok'tar Ogar	GUC Deadlines	How will the App know what deadlines exist for the courses returned by the GUC API GUC API not working => substitute by another authentication method + database storage of data from API
54	MainWeb	GUC Cafeteria	GUC API not working => substitute by another authentication method + database storage of data from API
55	MDM	EZSched	GUC API not working => substitute by another authentication method + database storage of data from API

56	Mini SE	News-Geeks	Meet your TA to discuss the Idea
57	MMM	FindClassroom	GUC API not working => substitute by another authentication method + database storage of data from API
58	Module X	Matgebly	Use Mockaroo as API and not hardcoded file
59	Team 59	Music4U	Consider some storage DB for preferences or which weather goes with which genre
60	N/A	GymMaster	How will you match the people to their workouts?
61	NAN	Flirt Perfect	
62	nine nine	moviePal	Consider some storage DB for the user details
63	Noice	3al matba5	Firestore is not an API
64	NOICE ERROR	GUC parking spots!	
65	Nokia 3310 (indestructible)	En-light me	
66	Not Awlad Ragab	Weather Buddy	
67	Nullified	BookWorm	
68	OBM	EZA+	
69	Outcasts	My Bus	GUC API not working => substitute by another authentication method + database storage of data from API, too simple,Firestore is not a backing service
70	Popcorns	Memphis	
71	Proj	GUC tracking info	GUC API not working => substitute by another authentication method + database storage of data from API
72	R0R0	GucBooks	GUC API not working => substitute by another authentication method + database storage of data from API
73	Reservoir Dogs	Wadeeny	too simple
75	RUN!	Mood Kit	
76	Sad Potatoes	CashMeOutside	
77	salade de fruits	Gawla	
78	SE 2.0	لوبيراك	GUC API not working => substitute by another authentication method + database storage of data from API
79	SIK	GUC Siren	GUC API not working => substitute by another authentication method + database storage of data from API
80	strivers	lingua franca	What do you mean by saving translations? Why are you saving the translations anyway ?
81	Team Hana A+	Parkoscope	GUC API not working => substitute by another authentication method + database storage of data from API
82	The ginger,the sad and the teita	Intelligent movie diary prototype (IMDP)	
83	The Team	Find It	

84	Timon W Bomba	Fas7ny	
85	tofa7a	Mala3ebna	Messaging is irrelevant to the idea you chose
86	Trigerred Gucians	Switch Me	GUC API not working => substitute by another authentication method + database storage of data from API
87	Try-team	wanna find me ?	
88	unknown 3shan Isa msh 3arfin hn3ml a	BookHub	The Facebook API has no solid use in your app (What basic info do your app need from Facebook) Think about a useful API
89	US-Coderes	GUC Parking	GUC API not working => substitute by another authentication method + database storage of data from API
90	We're out of ideas	Bus O'clock	GUC API not working => substitute by another authentication method + database storage of data from API
91	winter bear	no sick	The API is not specified, try to use a mock API like mockaroo
92	wow2	Food Palorie	
93	Yuf	METApp	GUC API not working => substitute by another authentication method + database storage of data from API
94	zimbabWE	GUC Ryde	GUC API not working => substitute by another authentication method + database storage of data from API The payments is irrelevant to the carpooling idea
95	Bananaz	Weight tracker app	
96	Heinz	SellZila	
97	Sticky bits	GUC Events	GUC API not working => substitute by another authentication method + database storage of data from API
100	Sandwich	Skintegrity	
101	Solar city	GUC Library	GUC API not working => substitute by another authentication method + database storage of data from API
103	Honey Jar	Aba	
104	Dark bits	GUC Notify	GUC API not working => substitute by another authentication method + database storage of data from API
